

EISIC'2002 : Final program

25 September 2002	09:00-10:00	Invited talk : E-services in virtual districts <i>Prof. Barbara Pernici (Politecnico de Milano - Italy)</i>
	Coffee break	
	10:30-12:30	Paper session 1 : Specification and evaluation Using OPEN's Deontic Matrices for E-Business <i>B. Henderson-Sellers, D. Lowe and B. Haire</i> Specifying and Evaluating Software Architectures Based on 4+1 View Model <i>K. Fukuzawa and T. Kobayashi</i> Extending XML Schema with Derived Elements <i>J.. Rodríguez, O. Díaz and F. Ibáñez</i>
	Lunch	
	14:00-16:00	Paper session 2 : Web application development Generation of Web Applications from Annotation-Based Definitions <i>K. Asami and T. Tokuda</i> A Methodology to support Web-Services development using Legacy Systems <i>W-J. van den Heuvel, J. van Hillegersberg and M. Papazoglou</i> Active Server for the Management of Structured Documents Link Integrity <i>A. Alvarez, Y. Amghar, R. Chbeir</i>
	Coffee break	
	16:30-18:30	Tutorial : Web-based Information Systems Development (Part I) <i>S. Murugesan</i>
19:00	Welcome Party	
26 September 2002	09:00-10:20	Paper session 3 : Method engineering Requirements Definition for the Situational Method Engineering <i>J. Ralyté</i> Engineering Methods For Schema Transformation: Application to XML <i>N. Prakash and S. Srivastava</i>
	Coffee break	
	10:50-12:50	Paper session 4 : Markets and services An Intelligent Web Service System <i>S. Suwanapong, C. Anutariya, and V. Wuwongse</i> Success Factors of Electronic Markets: Impact of Context and Process on Outcomes <i>A.O. Nootboom, P.M.A. Ribbers, A.M. Fairchild</i> Moving Web Services dependencies at the front-end <i>J.. Rodríguez, O. Díaz and F. Ibáñez</i>
	Lunch	
	14:00-18:00	Tutorial : Web-based Information Systems Development (Part II) <i>S. Murugesan</i>
Coffee break		
19:00	Banquet	
27 September 2002	09:00-10:00	Invited talk : Web Services Engineering <i>Prof. Mikio Aoyama (Nanzan University - Japan)</i>
	Coffee break	
	10:30-12:30	Paper session 5 : Support tools Duration Histograms For Workflow Systems <i>J. Eder and H. Pichler</i> Security Policy Checker and Generator for Java Mobile Codes <i>H. Kaiya, H. Furukawa and K. Kaijiri</i> Semi-Automatic Wrapper Generation for Commercial Web Sources <i>A. Pan, J. Raposo, M. Álvarez, J. Hidalgo and Á. Viña</i>
	Lunch	
	13:30-15:30	Paper session 6 : Integration Optimized Querying of Integrated Data over the Web <i>A. Cali and D. Calvanese</i> An Extensible Framework for Web Sites Integration <i>N. Lammari, I. Comyn-Wattiau and J. Akoka</i> A Theory of Communication for User Interface Design of Distributed Information Systems <i>V. Kryssanov, M. Okabe¹, K. Kakusho and M. Minoh</i>
Coffee break		
16:00-17:30	Panel : Evolution and Changes in Information System Technologies in Industry <i>S. Uehara</i>
